## 1. HOME PAGE

Test plan Stack demo home page module

**Test plan identifier**=tp\_Homepage\_stack\_demo\_2025\_v1

Introduction=To check the functionalities of stack demo home page (if Network is stable then open the home page Else network is not stable- print error message like page is not found)

**Test items**==Bstack demo logo,Offers,orders,favorites,searchbar,sign-in, images,privacy policy,subscribe to newsletter,all right reserved

**Features to be tested**==

Offers,orders,favorites,searchbar,signin,images,bag

**Features not be tested**==Bstack demo logo,privacy policy,subscribe to newsletter,all right reserved

**Approach**= Automation testing and manual testing(black box testing(functional testing))

Item pass\fail criteria=

Suspension criteria and resumption requirements=8/28/2025 suspension,

Test deliverables=

Test case documentation

Test report

Test plan

Test summery report

Test bug report

Test analysis report

Review documentation

Bug analysis report etc

Environmental needs=window11pc,microsoft teams,url,testlink,excel, browser,network,chrome

Responsibilities- Sanjana(prepare test case and test analysis reports)

Staffing and training needs=selenium web driver(testers names)

Schedule=8/28/2025

Risk and contingencies= no risk

Approvals=approval name

## 2. LOGIN

Test plan Login Stack demo home page module

**Test plan identifier**=tp\_Login\_stack\_demo\_2025\_v1

**Introduction**=To check user is able to login to home page (if user enter correct credentials home page will be open if user enter invalid credential showing error like invalid credentials )

**Test items**== Browser stack demo logo,select username,select password,login

**Features to be tested**==select username,select password,login

**Features not be tested**==Browser stack demo logo

**Approach**= Automation testing and manual testing(black box testing(functional testing))

Item pass\fail criteria=

Suspension criteria and resumption requirements=8/28/2025 suspension,

Test deliverables=

Test case documentation

Test report

Test plan

Test summery report

Test bug report

Test analysis report

Review documentation

Bug analysis report etc

Environmental needs=window11pc,microsoft teams,url,testlink,excel, browser,network,chrome

Responsibilities- Sanjana(prepare test case and test analysis reports)

Staffing and training needs=selenium web driver(testers names)

Schedule=8/28/2025

Risk and contingencies= no risk

Approvals=approval name

### 3. LOGOUT

Test plan Login Stack demo home page module

**Test plan identifier**=tp\_Logout\_stack\_demo\_2025\_v1

**Introduction**=To check user is able to logout from home page

**Test items**== Browser Stack demo logo,Search bar, Offers, Favorites, orders,logout,apple,oneplus,samsung,google,privacy policy read more,subscribe to new letter

**Features to be tested**==Logout

**Features not be tested**==Browser Stack demo logo,Search bar, Offers, Favorites, orders,apple,oneplus,samsung,google,privacy policy read more,subscribe to new letter

**Approach**= Automation testing and manual testing(black box testing(functional testing))

Item pass\fail criteria=

Suspension criteria and resumption requirements=8/28/2025 suspension,

Test deliverables=

Test case documentation

Test report

Test plan

Test summery report

Test bug report

Test analysis report

Review documentation

Bug analysis report etc

Environmental needs=window11pc,microsoft teams,url,testlink,excel, browser,network,chrome

Responsibilities- Sanjana(prepare test case and test analysis reports)

Staffing and training needs=selenium web driver(testers names)

Schedule=8/28/2025

Risk and contingencies= no risk

Approvals=approval name

#### 4. OFFERS

Test plan Offers Stack demo home page module

**Test plan identifier**=tp\_Offers\_stack\_demo\_2025\_v1

Introduction=To check offers is available in our location the home page (if user enter live location then it will show the offers if user does not enter location it not show any offers )

**Test items**== Browser Stack demo logo,Search bar, Offers, Favorites, orders ,Logout,apple,oneplus,samsung,google,photos, privacy polacy read more,subscribe to new letter

**Features to be tested**==offers

**Features not be tested**==Browser Stack demo logo,Search bar, Favorites, orders ,Logout,apple,oneplus,samsung,google,photos, privacy polacy read more,subscribe to new letter

**Approach**= Automation testing and manual testing(black box testing(functional testing))

Item pass\fail criteria=

Suspension criteria and resumption requirements=8/28/2025 suspension,

Test deliverables=

Test case documentation

Test report

Test plan

Test summery report

Test bug report

Test analysis report

Review documentation

Bug analysis report etc

Environmental needs=window11pc,microsoft teams,url,testlink,excel, browser,network,chrome

Responsibilities- Sanjana(prepare test case and test analysis reports)

Staffing and training needs=selenium web driver(testers names)

Schedule=8/28/2025

Risk and contingencies= no risk

Approvals=approval name

## 5. SEARCH

Test plan for search for product module

**Test plan identifier**=tp\_search\_product\_2025\_v1

Introduction=To check Search bar is working as per customer requirement (if user search any product it display related products as per customer requirement if user enter invalid product it showing not found )

**Test items**== photos,privacy policy read more,subscribe to new letter,Browser Stack demo logo,Search bar, Offers, Favorites, orders ,Logout,apple,oneplus,samsung,google

**Features to be tested**==Search bar,photos

**Features not be tested**==photos,privacy policy read more,subscribe to new letter,Browser Stack demo logo,Search bar, Offers, Favorites, orders ,Logout

**Approach**= Automation testing and manual testing(black box testing(functional testing))

Item pass\fail criteria=

Suspension criteria and resumption requirements=8/28/2025 suspension,

Test deliverables=

Test case documentation

Test report

Test plan

Test summery report

Test bug report

Test analysis report

Review documentation

Bug analysis report etc

Environmental needs=window11pc,microsoft teams,url,testlink,excel,  
browser,network,chrome

Responsibilities- Sanjana(prepare test case and test analysis reports)

Staffing and training needs=selenium web driver(testers names)

Schedule=8/28/2025

Risk and contingencies= no risk

Approvals=approval name

## **6. ADD TO CART**

Test plan Add to cart module

**Test plan identifier**=tp\_Add\_to\_cart\_2025\_v1

Introduction=To check product is added into the cart(If user select one product and add into the cart then product should be added into the cart if user not added into the cart it showing empty cart)

**Test items**== Search bar,display searching items,order,Add to cart button,Privacy policy,browser Stack demo logo, Offers, Favorites, orders ,Logout,checkout

**Features to be tested**==Search bar,display searching items,Add to cart,checkout

**Features not be tested**==order ,Privacy policy,Browser Stack demo logo,Offers, Favorites, orders ,Logout

**Approach**= Automation testing and manual testing(black box testing(functional testing))

Item pass\fail criteria=

Suspension criteria and resumption requirements=8/28/2025  
suspension,

Test deliverables=

Test case documentation

Test report

Test plan

Test summery report

Test bug report

Test analysis report

Review documentation

Bug analysis report etc  
Environmental needs=window11pc,microsoft teams,url,testlink,excel,  
browser,network,chrome  
Responsibilities- Sanjana(prepare test case and test analysis reports)  
Staffing and training needs=selenium web driver(testers names)  
Schedule=8/28/2025  
Risk and contingencies= no risk  
Approvals=approval name

## **7. DELETE FROM THE CART**

Test plan Delete from the cart module

**Test plan identifier**=tp\_Add\_to\_cart\_2025\_v1

Introduction=To check product is deleted from the cart(If user select one product and add into the cart then only it will possible for delete that product if customer is does not add into the cart then not possible to delete the product from the cart)

**Test items**== product,+ button,-button,checkout,price,Bag logo

**Features to be tested**==product,-button,price

**Features not be tested**==Bag logo,+ button,checkout

**Approach**= Automation testing and manual testing(black box testing(functional testing))

Item pass\fail criteria=

Suspension criteria and resumption requirements=8/28/2025  
suspension,

Test deliverables=

Test case documentation

Test report

Test plan

Test summery report

Test bug report

Test analysis report

Review documentation

Bug analysis report etc  
Environmental needs=window11pc,microsoft teams,url,testlink,excel,  
browser,network,chrome  
Responsibilities- Sanjana(prepare test case and test analysis reports)  
Staffing and training needs=selenium web driver(testers names)  
Schedule=8/28/2025  
Risk and contingencies= no risk  
Approvals=approval name

## 8. FAVOURITES

Test plan Favourites module

**Test plan identifier**=tp\_Add\_to\_cart\_2025\_v1

Introduction=To check product is added into the favorite(If user select one product and add into the cart then only it will possible for display the product in favorite if not select any product into the favorites it not show anything)

**Test items**== Browser stack logo,orders,offers,product,price,Add to cart,Privacy and policy,photos,logout,search,Favourites,add to cart

**Features to be tested**==Favourites

**Features not be tested**==Browser stack logo,orders, offers,product,price,Add to cart,Privacy and policy,photos, logout,search,Favorite,add to cart

**Approach**= Automation testing and manual testing(black box testing(functional testing))

Item pass\fail criteria=

Suspension criteria and resumption requirements=8/28/2025  
suspension,

Test deliverables=

Test case documentation

Test report

Test plan

Test summery report

Test bug report

Test analysis report

Review documentation

Bug analysis report etc

Environmental needs=window11pc,microsoft teams,url,testlink,excel,  
browser,network,chrome

Responsibilities- Sanjana(prepare test case and test analysis reports)

Staffing and training needs=selenium web driver(testers names)

Schedule=8/28/2025

Risk and contingencies= no risk

Approvals=approval name
